Sport News

From time to time, we will share some good educational websites/apps for the children. At all times, we strongly encourage you to allow your child to moderate their usage of devices.

There is growing evidence to the harm that is done to a growing brain. For primary children, no more than an hour a day. Preschool at the most 30 minutes a day.

www.ixl.com is a good site for strengthening math facts and Language Arts. This would be a very good site for those who children continue to struggle with the basic math facts and grammar. It has a timer and a score and they earn awards for their scores. Since it has levels it can be utilized for basic facts up to Form 1.

Another site for challenging minds is found here: <https://www.mensaforkids.org/play/games/>
