VIRUS UPDATE

We have not received any information from the Ministry of Education in regards to the novel corona virus. We are following updates carefully. There is already a flu happening that is not this virus, however, and parents are sending children to school with FEVER. NO CHILD should come to school with fever and they must be fever free without medication for 24 hours. This means that you must not be giving them any medication to reduce the fever for over 24 hours before they return to school. Please be considerate of our staff and other children and make arrangements for your children away from the school campus. We are disinfecting desks, doorhandles, etc., every day in a bid to reduce transmission of any illnesses.

Swimming afternoon activities are strictly for students who are part of the school swim team and the development team. Students are identified and assessed during class sessions and parents are contacted via student's diaries or phone calls. Our swim team is affiliated with Botswana Swimming Sport Association and the standards for participation are high. For students who do not make it to the above team, parents are welcome to make arrangements with Ms Cynthia or Mrs Moleti for extra lessons at a fee. **A request for these lessons must be made in writing by the parent to Ms Cynthia Modisaotsile who is the Head of Swimming at TLCS.**
